## Healthy finance page

Hi, my name is Mrs Hoyle and I have been appointed as Financial Capability Coordinator, I believe the Academy is the first in the country to have a person dedicated to looking after Financial Capability. My aim in teaching Financial Capability is that all students will leave school with the financial knowledge, skills and confidence they need to live full adult lives. For students to be an entrepreneur they will need good levels of financial capability. If you wish to know more about the course please feel free to contact me.
